## The iMIS Users Group Story

We are the largest independent, not-for-profit iMIS user group. Our vision is to create and maintain a platform where the iMIS community can: share information, easily connect, and continuously gain knowledge through easily accessible educational tools and networking experiences.

We continuously strive to create an environment that provides our members the proven solutions to their iMIS-related questions - saving them time, money, and stress. Started as a grassroots effort in the mid-90s, the iMIS Users Group (formally NiUG International) core purpose remains to advocate, educate, and connect iMIS users. The key to our growth and stability is the input and participation of our membership and the leadership of our volunteer board of directors.

**At iUG, our mission is to support and empower those who use iMIS, and its supplementary products.**

# Benefits of Being Part of the iMIS Users Group Community

## Work Smarter

Every day you are inundated with obstacles that tap your resources & drain your energy. Stop throwing your money down the drain! Posting a few questions per year to the iUG Open Forum saves your organization several hundred dollars each year – more than covering the cost of membership.

## Move Your Organization Forward

We make it easy to get the training both you & your staff need. In addition to our Annual iMIS Users Conference & our TechXchange Conference for your tech gurus, the Learning Center offers hundreds of recorded conference sessions & study materials at your fingertips.

## Reduce Your Risk

Between tight budgets & limited resources, it is crucial to avoid wasteful expenses. A iUG membership connects you with thousands of fellow iMIS users, solution providers, & experts who understand where you are with iMIS.

## What Others Are Saying About NiUG

“Through iUG, I have been able to learn and share ideas and solutions. It is a cooperative environment where people of all skill levels participate and help one another.”

“The iMIS Users Group is my go-to for answers to my iMIS questions through their iMISInsider community. Their education, training, and networking with other iMIS users allow me to glean crucial information we can use to further our mission. We really like that they offer training in multiple ways and not just for more experienced users like myself but also for all user levels, even the basic of users.”

## Continuing Education

Working with experts in the iMIS community, we offer the best & most affordable training options available.

- iUG offers several opportunities for your iMIS Users to train on the iMIS suite of products, regardless of what platform or version you are on or their department or skill level.
- Complimentary\* webinars are provided to all active dues-paying members, saving your organization hundreds of dollars annually on iMIS training.

## Publications & Additional Resources

iUG has a plethora of options to help you get the answers and help you need to save time, money, and stress. From a help community to blogs, podcasts, newsletters, and more!

- **iMISInsider Communities** – no matter what area of iMIS you work in, there is a community for you! Ask your iMIS questions and save an average of \$175/hour on consulting costs.
- **iUG Learning Center** – keeps you connected with hundreds of conference sessions & webinars – available at your fingertips 24/7.
- **iUG Connection Newsletter, Blogs & Podcasts** – our digital newsletter, blogs and podcasts provide a relevant mix of articles, industry updates, iMIS tips, & expert advice.
- **iUG Career Center** – connects qualified iMIS professionals with employment opportunities in the iMIS community.
- **Product Advisory Committee & iADVOCATE** – helps to amplify your voice by providing product direction & enhancement requests to Advanced Solutions International, the developers of iMIS.
